Front-End Web Developer

I am a front-end web developer with many years of problem solving experience. I have a background in management which has taught me how to be an excellent problem solver and natural leader. I am currently enrolled in UCF's six month Coding Bootcamp where I have learned front end web development using HTML, CSS, JS, API's, and front-end libraries such as Bootstrap, Anime.css, GSAP, and many more! During this bootcamp, we were assigned a group project where we needed to collaborate in order to design and create a website The project taught me how to communicate with a team and help lead a team to a desired goal. I am eager to take on future challenges as a developer and create intuitive and user-friendly websites with a quality-driven team!

TECHNICAL SKILLS

Frontend: HTML5, CSS, Javascript, jQuery, Bootstrap, GSAP, Animations

PROJECTS
Explore Outdoors | Repo: https://github.com/ajcuddeback/ Explore-Outdoors | Website: https://ajcuddeback.github.io/Explore-Outdoors/
UI/UX Development / Animations

- First group project of UCF Coding Bootcamp. I was in charge of creating the wireframe with Adobe XD and creating the animations and svg manipulation
- This project will provide a user with a destination that best suits them based on a questionnaire they will take at the beginning of the website
- Tools/Languages: HTML, CSS, Javascript, API's

Weather App | Weather-App | https://ajcuddeback.github.io/weather-dashboard/ /
Full-Stack Development

- Project from bootcamp that uses open wether's API to get a user's current weather conditions
- This website will show you the current weather for a given city and will also a 5 day future forecast.
- Tools/Languages: HTML, CSS, Javascript, RESTful API

Coding Quiz | Coding-Quiz | https://ajcuddeback.github.io/Coding-Quiz/
Full-Stack Development

- Application tests the users knowledge on basic JavaScript
- When the user clicks on the link, they will be directed to a coding quiz with a catch
- Tools/Languages: HTML, CSS, Javascript, API's

WORK EXPERIENCE

Papa John's Franchise
02/2019 - 02/2020
General Manager
Punta Gorda, FL

- Possessed strong leadership, money management, strong problem solving skills, and training
- Promoted to a GM in three months time of start date

ASAP Installations
02/2020 - 10/2020
Sheet Pile/Rigger
Mirrimar, FL

- Possessed strong problem solving skills, ability to work long hours and push through, rigging
- Having the job role of doing sheet pile takes lots of concentration and problem solving skills. A sheet pile laborer must watch the sheet pile as it goes into ground and use problem solving skills to correct the direction it goes into the ground while watching the work area for any hazards.

EDUCATION

University of Central Florida, Orlando, FL
Graduation Date: 04/2021
Full-Stack Web Development Certification
